| Vintage Summary | The 2018 season had the best possible start. The early growing period from December to February was hot and dry with even less rain than last vintage. In fact, January was one of the driest on record with fine, sunny days and our merlot grapes lapped up the dry heat and excellent growing conditions. |
| Winemaker's Note | A bright salmon pink with aromas of apple blossom, rose petals, wild berries and a hint of vanilla bean. There is delicious synergy onto the palate - bright fresh flavours of wild summer berries mixed with a creamy complexity. The taste buds are spoilt! |
| Vinification | Our Merlot grapes were destemmed and lightly crushed before gentle pressing to minimise colour and tannin. The resulting juice was a delicate pink in colour. A small portion was fermented in barrel to give a depth of texture and fruit flavours while the remaining juice was fermented in stainless steel tanks to retain the vibrant, fresh characters of Merlot. |
